EDUCATION

Bachelor of Artificial Intelligence & Data Science

CGPA **7.9**/ 10

SNS College of Engineering

📅 2023 - 2026

Higher Secondary Education

Percentage **60** / 100

St.Joseph's Higher Secondary School

📅 2021 - 2022

SSLC

Breeks All India Secondary School (CBSE)

Percentage **79** / 100

📅 2019 - 20

SKILLS

HTML	CSS	JavaScript

Python	Java	C

Excel	Flutter Flow

Principles of UI/UX

Data Science	R-Studio

Canva	MySQL	GitHub

SOFT SKILLS

🕐 **Time Management**
Intermediate in Python and Java Programming.

Problem Solver
Innovative approach to challenges and Design thinking

Team Player
Proven ability to collaborate effectively in team settings to achieve shared goals.

Communication
Effectively conveying ideas and information, both verbally and in writing

SUMMARY

Passionate AI and Data Science enthusiast with proficiency in HTML, CSS, Python, and Java. Strong communicator and design thinker with excellent problem-solving skills. Adept at teamwork, adapting quickly to new challenges, and managing time effectively. Seeking to leverage my technical skills and collaborative abilities in a dynamic role

CERTIFICATION

- Python - Prepinsta
- Artificial Intelligence - Prepinsta
- Java -Prepinsta
- HTML - Prepinsta
- Web Development - Prepinsta
- Data Science - Prepinsta

AREA OF INTEREST

- Artificial Intelligence
- Data Science
- Cloud Computing

PROJECTS

- **ZARA - AN AI BOT**

Zara 2.0 employs an empathetic approach in user interactions, ensuring quick access to essential document-related tasks. By integrating advanced AI models, it provides human-like and intelligent interactions, with the goal of making users feel valued and understood.

- **DEEPSECURE AI**

Deepfake technology poses a growing threat to the trustworthiness of digital media, spreading misinformation and causing harm. To counter this, it's crucial to develop an AI-driven, user-friendly system for real-time deepfake detection, coupled with educational efforts. This approach can protect society by ensuring content authenticity and empowering people and organizations to handle digital media with confidence.

INTERNSHIPS

- **TechArdors / July - Aug 2024**

Full Stack Developer

- **Prodigy Infotech / Feb - Apr 2024**

Data Science
